

EP 345 – Space Science Seminar
Embry-Riddle University
Fall 2013

Instructor: M. Anthony Reynolds *class hours:* Th 12:45-2:00, LB 329
email: reynodb2@erau.edu
phone: (386) 226-7752
office: Lehman 313
office hours: M,T,W,F, 1:00-2:00, Lehman 313

<u>Percentage system:</u>		<u>Grading scale:</u>	
1 final report	20%	A	90% –
10 short reports	70% (7% each)	B	75% – 89%
Attendance	10%	C	60% – 74%
		D	50% – 59%

Course Description: Seminar-style course, with lectures, readings, and writing on topics of current interest in Space Science.

We will meet every Thursday until Thanksgiving.

If there is a colloquium, you are required to ask one question of the speaker (either during the colloquium or after), and write a one page report on the presentation. The week before each colloquium, I will assign some reading so that you can be prepared.

If there is no colloquium, I will assign reading in advance on a current topic in space science, to be discussed on the following Thursday.

Final Report

10 page report on one of the topics discussed during the semester.

Due Date: Thu 5 Dec.

Short reports

One page report (double-spaced OK) on each colloquium/discussion.

Due one week after meeting.
